SSLC
SUM HR Sec School
📅 06/2019 - 05/2020   📍 Royappanpatti , Theni DT

PROJECTS

E shop Web Application

E shop Web Application Using Python, Django,MySql,Html

- Developed an E-Shop web application using Python and Django framework.
- Designed and implemented user authentication, product catalog, shopping cart, and order management features.
- Utilized MySQL database for efficient data storage and retrieval of user and product information.
- Created a responsive front-end interface using HTML for better user experience.
- Ensured smooth integration of frontend and backend for seamless functionality

STRENGTHS

Technical & Professional Skills
I possess strong problem-solving and analytical skills, with the ability to adapt quickly to new challenges and environments. I am an effective team player with good communication skills and leadership qualities, gained through academic and extracurricular activities. My positive attitude, self-motivation, and commitment to continuous learning help me stay focused on achieving both personal and organizational goals.

KEY ACHIEVEMENTS

Achievements in Sports
Winner of Zone 'C' Volleyball Match and recognized as the Best NSS volunteer, showcasing commitment to community and sports

SKILLS

Python, SQL, Django , Pandas , Matplotlib , Numpy

INTERESTS

Hobbies and Interests
I enjoy trekking, which enhances my adaptability and resilience in challenging environments. Playing Kabaddi helps me develop teamwork, discipline, and strategic decision-making. I am also passionate about crime investigation podcasts, which sharpen my observation, analytical thinking, and problem-solving skills. Additionally, I engage in continuous learning to enhance my knowledge and upgrade my personal and professional skills.

TRAINING / COURSES

Python Fullstack

Human Resources Management

PROJECTS

Market Survey on Customer Satisfaction
📅 01/2023 - 05/2023   📍 Cumbum Town

Market Survey on Customer Satisfaction of Evocus Black Alkaline Water

- Designed and distributed 100+ surveys to understand consumer behaviour
- Collected and analysed feedback on taste, pricing, packaging, and repeat purchase
- Generated visual insights using Excel and presented strategic marketing suggestions
- Recommended localized campaigns and trial-size options
- Helped identify key barriers to product adoption
